-

WORK EXPERIENCE (12+ Years in Software Development, CMS, and Marketing Technology)

WordPress Developer

Measured, Texas, US — Oct 2023 – Present

- Maintain, create, and optimize landing pages, forms, and websites using WordPress and Hubspot, improving site health from 75% to 98% (SEMrush).
- Scaled website performance by reducing load speed from 3.5s → 0.7s using caching, CDN (CloudFront), and asset optimization.
- Developed reusable React components, reducing redundancy and improving frontend efficiency.
- Integrated Clearbit into Hubspot forms, increasing submissions by 20%.
- Containerized WordPress with CI/CD and Docker, reducing deployment time and increasing maintainability.

Software Developer

Gardens Alive, Lawrenceburg, US — Feb 2018 – Feb 2022

- Implemented 3rd-party API integrations, boosting customer experience and conversions by 20%.
- Conducted structured A/B-like testing and optimization of websites, driving ~3X revenue growth for key brands during COVID.
- Enhanced CommerceV3 platform using Smarty PHP, JavaScript, CSS, HTML, jQuery, and JSON.

Web Administrator

Gardens Alive, Lawrenceburg, US — Jul 2013 – Feb 2018

- Led **email marketing campaigns** using Kalio, Silverpop, and Whatcounts: coded, tested, segmented, and deployed campaigns.
- Pioneered responsive email templates, achieving record-high email revenue and conversion of inactive leads.
- Shifted company focus from print catalogs to digital marketing, significantly increasing engagement.

Junior Web Administrator

Gardens Alive, Lawrenceburg, US — Jul 2012 – Jul 2013

- Supported 24/7 uptime and user experience improvements for multiple brand websites.
- Created workflow shortcuts, reducing manual effort by 95%.

Process Associate

Gardens Alive, Lawrenceburg, US — Jan 2012 – Jul 2012

- Earned certificate of appreciation for outstanding customer service and feedback.

Marketing Coordinator

Pioneer Mathematics, Chandigarh, India — Sep 2011 – Jan 2012

- Designed and executed multi-channel marketing campaigns (social, print, email, offline).
- Tracked and optimized campaign responses, achieving record sales including international conversions.

CERTIFICATIONS

- Python Basics, DSA in Python, Python to Access Web Data, capstone project — University of Michigan, Coursera (Apr 2025 – Oct 2025)
- JavaScript Data Structures & Algorithms — FreeCodeCamp (2024)
- PHP/MySQL Training + Internship — Multiplesystems, Mohali (2014)

EDUCATION

Bachelor of Computer Applications (BCA)

Sikkim Manipal University, Mohali, India — Jul 2011 – Sep 2014

PROJECT HIGHLIGHTS

- Redesigned and optimized Measured's website and landing pages with improved speed, SEO, and personalization.
 - Built Brecks Gifts website (CommerceV3 + Smarty PHP, APIs, HTML, CSS, jQuery).
 - Developed personalization features: PowerReviews integration, cookie/session-based popups, GTM tracking, responsive carousels.
 - Contributed to 12+ brand sites (US, Canada, UK) including Springhill Nursery, Spilsbury, Gurneys, Weeks Roses.
-

LEADERSHIP

- Managed and motivated a team in an MLM business (Forever Living Products), generating ~₹24 lakh monthly revenue (2018–2023).
-

HOBBIES

- Reading (Think and Grow Rich, Power of Subconscious Mind, Eat That Frog)
 - Painting, Fitness
