

Some Work Samples - Yogita Singla

1. Website Development and Optimization

- Measured Website (WordPress)
 - Created, tested, and published several pages using tools like ACFs, WP-Offload, and Cloudflare.
 - Pages developed:
 - [Upcoming Events](<https://www.measured.com/upcoming-events/>)
 - [NRF Retail's Big Show](<https://www.measured.com/events/nrf-retails-big-show/>)
 - [Keynote](<https://www.measured.com/keynote/>)
 - [Keynote Demo](<https://www.measured.com/keynote-demo/>)
 - Redesigned pages with a complete overhaul:
 - [Home](<https://www.measured.com/>)
 - [Incrementality Platform](<https://www.measured.com/incrementality-platform/>)
 - [FAQ](<https://www.measured.com/faq/whats-the-difference-between-a-b-testing-and-incrementality-testing/>)
 - Enhanced website performance by:
 - Adding pagination (along with load more buttons), optimizing load times, updating robots.txt, and removing unnecessary plugins, moving assets to S3 bucket, monitoring website using uptimerobot.

2. Complete Website Redesign

- Breck's Gifts (Smarty PHP, jQuery, JSON, AJAX on commerceV3)
 - Developed the website (did complete re-design) by implementing mockups provided by the design team.
 - Collaborated on testing and database management.
 - Integrated 3rd-party APIs on the CommerceV3 platform.
 - Website link: [Breck's Gifts](<https://www.brecksgifts.com/>)

3. Complex Cart Logic and E-commerce Optimization

- Bits and Pieces UK
 - Solved intricate cart and pricing issues involving:
 - Various sales (coupon-based, slashed prices, shipping offers).
 - Multiple shipping options and charges for expedited delivery or heavy items.
 - Functionality for multiple delivery addresses in a single order.
 - Website link: [Bits and Pieces UK](<https://bitsandpiecesuk.co.uk/>)

4. Feature Implementation Across Multiple Websites

- Gardens Alive Portfolio (12+ US, Canadian, and UK brands)
- Added and optimized features like:
 - PowerReviews integration for product trust.
 - Personalized pop-ups based on cookies and sessions.
 - GTM tracking and analytics implementation.
 - Responsive jQuery carousels and image colorbox features.
- Notable websites include:
 - [Spring Hill Nursery](https://springhillnursery.com/)
 - [Bits and Pieces](https://www.bitsandpieces.com/)
 - [Gurney's Seed & Nursery](https://www.gurneys.com/)
 - [Weeks Roses](<https://www.weeksroses.com/>)

Highlights of Technical Expertise

- Proficient in WordPress, Smarty PHP, jQuery, JSON, Javascript, JQuery, HTML, CSS, AJAX.
- Experienced with 3rd-party APIs, performance optimization, and e-commerce solutions.
- Demonstrated ability to lead complete redesigns, resolve complex technical challenges, and optimize user experiences with can-do attitude.
- Libraries and Tools used in past: Git, Github, Bitbucket, AWS, Docker, CI/CD pipelines, React, CommerceV3, Wordpress, Kalio, Silverpop, Figma, Hubspot, SEMrush, Gulp.
